Please think about what you would do in the following situation. You are in an area you are not familiar with, and you realize that you lost your way. You ask a stranger for directions. The stranger offers to take you to your destination.

Helping you costs the stranger about 40 U.S. dollars in total. However, the stranger says he or she does not want any money from you. You have six presents with you. The cheapest present costs 10 U.S. dollars, the most expensive one costs 60 U.S. dollars. Do you give one of the presents to the stranger as a “thank you” gift? If yes, which present do you give to the stranger?

	No, would not give present	The present worth 10 U.S. dollars	The present worth 20 U.S. dollars	The present worth 30 U.S. dollars	The present worth 40 U.S. dollars	The present worth 50 U.S. dollars	The present worth 60 U.S. dollars
