[ View Instructions ]

As explained before, your team will earn $0.10 for every 100 points scored by your worker. You, **as boss**, can choose to transfer either $0.00, $0.03, $0.06 or $0.09 to your worker. Please choose how much you want to transfer. Feel free to use the calculator given below.

How many points do you expect your worker to score in 10 minutes? You will be paid extra 5 cents if your guess is within the range of 100 points of the actual points scored.
